FOREWORD

Highlights of 1980-81

The insurance industry continues to be a growing and viable segment of the economy of Colorado. In addition to protecting the lives and property of this great state, it contributes greatly to the economic health of the state. This contribution is through employment of large numbers of our citizens, investment of vast sums in the state, substantial balances in our financial institutions and the payment of taxes.

The Insurance Division continues to be the Agency responsible for the second largest volume of payments into the Colorado General Fund for appropriation as the General Assembly sees fit. It is second only to the Department of Revenue itself. In fiscal year 1981 PREMIUM TAXES, LICENSES, and FEES collected amounted to $41,400,448. Of this, $1,269,540 was spent from the appropriation for the operations of the Insurance Division. It was used for supervision and regulation of 1,358 regulated companies as listed below, plus over 25,000 individuals licensed as agents, brokers, or sales representatives.

Number of Companies regulated as of June 30, 1981:

Type of Company	Domestic	Foreign	Total

Total	161	1,197	1,358

The REVENUE PRODUCED was up 4% over 1980. The number of COMPANIES LICENSED was up 33 or 2-1/2%. Other activities were likewise up substantially.

In the PROPERTY AND CASUALTY Section, 252 hearings were held on non-renewals, cancellations, named driver exclusions and individual rate increases on auto insurance. 2,327 company filings were processed.

LEGISLATIVE ACTIVITY was heavy in the last half of fiscal 1981. More than two bills impacting on Division responsibilities were introduced for each one passed. A brief summary of those passed into law is given on the following page.
